Sir,

I have the honor to state that the Townspeople of Chitaldrug including the Official class, are put to great difficulty in finding proper house accommodation The existing houses are mostly insanitary and ill-ventilated but the rent is increasing gradually and the poorer classes are suffering The town is congested and there are no suitable sites to build upon I am glad that with a view to remove this long felt inconvenience, the Municipal Council have now seriously taken up the question of Town Extension and propose to acquire Rev survey Nos 15/1, 15/2 and 16 of Kelgote Village in the Chitaldrug Taluk having an extent of 18 acres and 21 guntas (Vide the enclosed copy of their resolution) These lands are pronounced fit for extension purposes by the District Sanitary Officer and I have separately addressed the Deputy Commissioner to take steps for their acquisition

2 The owner of the lands Mr B Jivana Rao, Pleader has agreed to part with the lands at a compensation of Rs 75/- per acre The amount of compensation payable to him for the entire extent comes up to Rs 1,390/- and the cost of formation of roads, construction of drains etc to Rs 1,610/-. The Municipal Council are prepared to spend in the first instance the required sum of Rs 3,000/- and to recoup it in due course by the sale of the building sites As there is a great demand for them and it may be greater still after the

Requesting to sanction the municipality to spend Rs 3000/- on account of Town extension & to sanction to the current year's budget an additional grant equal to the above amount from the balances of the municipality.

the completion of the Railway Line from Chickjajur to Chitaldrug now under construction, it is expected that the Council will not only easily recover the sum of Rs 3 000/- but also secure an annual income of not less than Rs 600/- in the shape of mohatarfa and water tax on the houses to be built in the proposed extension

3 In these circumstances, I request that the Government may be moved to permit the Municipality to spend Rs 3,000/- on account of Town extension and to sanction to the current year's budget an additional grant equal to this amount from the balance of Rs 16 239-3-9 at the credit of the Municipality on 1-8-1918 as per accounts of this office, there being no provision for the purpose in the budget nor possible to meet the large sum by re-appropri-ation of the existing grants

4 As the question of Town Extension is an urgent and pressing one, the favour of early orders is solicited

5 In this connection, I may add that the lands now proposed to be acquired for extension purposes are being used by the Towns-people as camping ground in times of epidemics, the owners thereof being compensated for standing crops if any The necessity for selecting other suitable lands for camping grounds is engaging the attention of the Municipal Council

A complete scheme of this extension will be prepared with the assistance of the Executive Engineer who is an Ex-officio member of the Municipal Council and the same submitted in the usual course
